## THE PERFECT HUG:

**A** Stamp eyes+mouth.

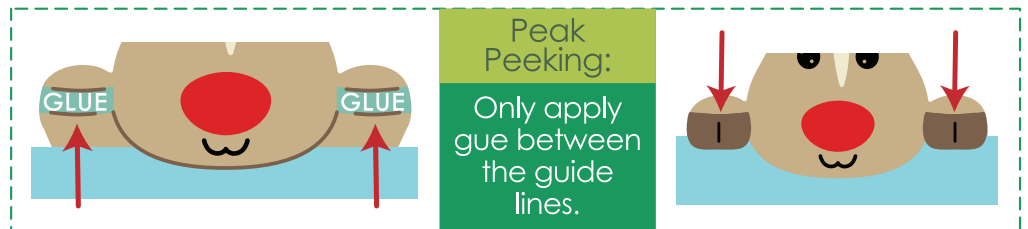

Add nose, stripe, ear pieces, and antlers.

\*Face stripe is available as a die-cut or stamped accent.

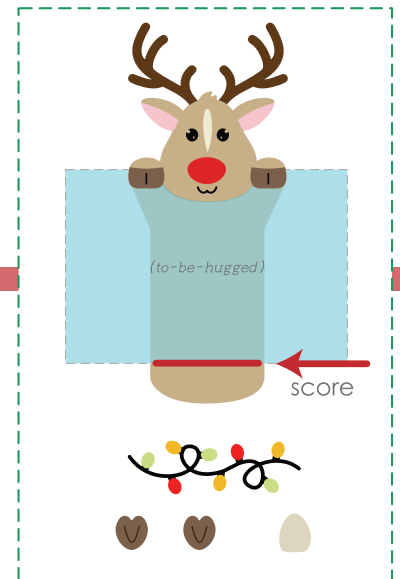

**B** Line up each hoof with the upper guide line and adhere.

Only glue at the top of the hoof. This allows some hoof to hang over your to-be-hugged for best effect.

**C** Slip your to-be-hugged under the chin and hooves.

Score the body at the end of the item and fold the rest up and around the item.

**D** Add tail and back hooves.

Complete your hugger by assembling the christmas lights and decking this adorable deer.
